Dear Harold,

Thanks a lot for your letter. I am attempting an independent authentication of these ~~in-house~~ AOL, Atlanta areas of investigation. As you predicted, I am not having a lot of luck though there are pieces here and there that just can't be easily forgotten or dismissed.

I don't think it is enough to simply poke holes in the cover story though anyone so inclined has my automatic ear. I am very pleased to be on your mailing list.

Sorry to hear you are unwell and wish you renewed health or at least all of the comfort possible in the circumstances.

I appreciate your reply to my letter very very much.
